Extensive knowledge of back-end and front-end development with majority of modern web frameworks.
Skills in App development with 5+ years of experience as freelancer and in some companys.

EXPERIENCE

Full Stack Developer

Imaginary Cloud

📅 12/2020 - 12/2022 📍 San Francisco, CA

Software Development

- Completed detailed programming and development tasks for front-end public and internal websites as well as challenging back-end server code. (NodeJS, MERN, MEAN, Ruby on Rails)
- Carried out quality assurance tests to discover errors and optimize usability.
- Designed and updated layouts to meet usability and performance requirements. (converting Figma or PSD to React)
- Developed and integrated custom themes with Next.js, Material-UI, and TypeScript.
- Transferred legacy websites using modern front end technologies like React, Vue, and Nextjs,

Software Engineer

Yellow Systems

📅 10/2016 - 12/2017 📍 San Francisco, CA

Business-First Approach to Software Development

- Produced stunning visual elements of web applications by translating UI/UX design wireframes into code while producing high-quality, reusable markup using HTML5 and CSS3.
- Designed and implemented front-end architecture to support user interface concepts with 100% accuracy.
- Expanded features, refined code, and improved processes, producing smoother operations and enhancing user engagement.
- Developed several internal systems comprising order entry/management tools, conversion/ revenue reporting, and production workflow tracking, as well as design custom REST APIs built in Laravel PHP, NodeJS, and Django.

Mobile Developer

Sidebench

📅 12/2018 - 12/2020 📍 Santa Monica, CA

Mobile Development

- Built +30 mobile apps (booking, school management, dating, music, relay, renting) with react-native and flutter.
- Deployed to the app store and Google app store.
- I built 10 websites (blogging, dating, renting, booking) using vue & laravelstack, MERN & MEAN stack.
- Deployed using cpanel, digital ocean, aws

SKILLS

React

Vue

Next.js

Material-UI

Node.js
